Alternative Directions & Parking

Grant Park South – 325 South Michigan Avenue

Grant Park South will be open during Lollapalooza, but the garage vehicle entrances and exits may experience temporary closures to pedestrian traffic entering and exiting the venue. For this reason, online passes will not be sold at Grant Park South during the event.

If you typically park at Grant Park South and are unable to access it due to crowds, you are welcome to park at Grant Park North, Millennium Park or Millennium Lakeside Garage. If you park at one of these alternate locations push the assistance button and our staff will give you access to park if you have a monthly or daily account with us.

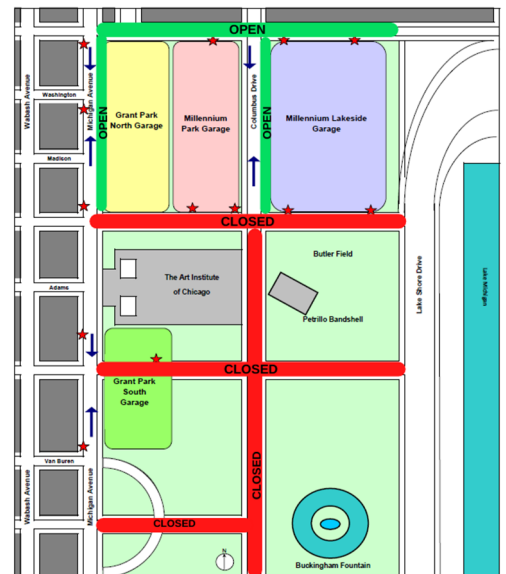

Grant Park North – 25 North Michigan Avenue

Michigan Avenue will be open, so access to Grant Park North will not be affected. Should you have any trouble accessing this garage, please park at Millennium Park & Millennium Lakeside garage.

Millennium Park & Millennium Lakeside Garage – 5 South Columbus Drive

The entrance to these garages (they share the same entrance) is located on Columbus Drive between Randolph & Monroe. Monroe will be closed from Michigan Avenue to Lake Shore Drive, but you can easily enter and exit our garage from Randolph and turning south onto Columbus. Columbus will open from Randolph Street to the garage entrances. The great thing about this location, is that you can avoid some of the congestion closer to Grant Park and it is convenient to Lake Shore Drive on and off ramps.

You can also access Millennium Park Garage via the service ramp on Columbus Drive, just past East South Water Street. Take that ramp down to Lower Columbus & Lower Randolph. >>
