Octavion Thomas and designated Social Services Ambassadors partnered with Charles Smith and Samantha Dobrusin from Cannon Design to distribute hygiene kits to those in need throughout the loop. Octavion and his team of Ambassadors canvassed the area days prior to identify areas with those in need of social services and kits. On June 21, 2024 they were equipped with kits and were deployed on their mission to assist. The kits were well received by each person they were offered to, while Octavion took the time to snap photos of Ambassadors engaging with smiling faces. The Month of June saw record breaking numbers with Temperatures averaging above 90 degrees. Octavion and his Social Services partners set out to spread the word about the various cooling centers around the loop to prevent weather related medical emergencies. With more summer months ahead, Octavion and his team proved to be up for the task of offering social services to those in need.
